

DDP 6 EC (STE)

COMPACT INSTANTANEOUS WATER HEATER

PRODUCT-NO.: 205777

Powerful performance with classic quality

Hot water made easy This compact and practical electric instantaneous water heater supplies hot water on demand and fits neatly into small spaces – for example under the washbasin.

The main features

LED light on the appliance cover shows when Power “ON”

Sufficient water for multiple draw-off points

High pressure and heat-resistant copper tank

Compact design for space saving installation

Anti-scalding and overheating protection with thermal cut-out

Automatic on/off control with flow switch

Flame-retardant electronic circuit board for extra safety

Protection from electric shock with Earth Leakage Circuit Breaker (ELCB)

Protection class IP25 (splash-proof)

Type	DDP 6 EC (STE)
Part no.	205777

Technical data

Cold water connection	1/2 inch
Electrical fuse protection	ELCB
Rated output	6,000 W
Electrical connection	1/N/PE-220-240 V
Rated voltage	220-240 V
Rated current	27.3-29.6 A
Display	without
Heating element	Copper tubular
Type	Closed outlet
Automatic flow switch	true
Heating material	Copper
Temperature control	Output control
Anti-scalding protection	Thermostat with manual reset
Colour	white
IP rating	IP25
Shutdown value	1.4 l/min
Starting flow rate	1.8 l/min

Depth	93 mm
Height	177 mm
Width	204 mm
Weight	1.5 kg
